

Wasatch Cup Leagues
Substitution Policy
July, 2010

We recognize that over the course of the league players may be unable to play on occasion. In response, and to ensure that all matches are played throughout the league, the following policy will pertain to the use of substitutes.

Each player may utilize a sub twice during the league.

A team can only use one sub per week.
The sub must be an AVP member prior to playing.

The league director must be notified of the substitution in advance.
The sub can be used during the round-robin portion of the league but cannot be used during the league-ending tourney.

The Player Representatives and Wasatch Beach Volleyball will make any additional calls regarding substitutes as needed to promote full participation and maximum fun for all involved.

Bump. Set. Chill.
